### ALBUM INFORMATION

The album "*Lei Pāpahi*" can be described as "*old school Hawaiian music with a new school sound.*" Keeping to the genre of Hawaiian Music - Walea was very diligent in selecting their album name to reflect their musical style and song repertoire - as described below.

"A *lei pāpahi* is defined as several lei fashioned together to create a unique and elegant adornment. It is a symbol of love, friendship, and honor. Mele Hawai'i are in itself a lei that have been composed through the use of well gathered words to convey meaning and portray a story. These stories tell of the 'āina, kānaka, moments in history and cherished memories. This debut album is our *lei pāpahi* for each and every loved one, friend, kumu, mentor - and person who has an interest in Hawaiian music. We have gathered some songs of old Hawai'i and strung up a few new compositions to add to the precious waihona of mele Hawai'i. It is our hope that you will enjoy this *lei pāpahi* just as much as we have enjoyed making it. E walea kākou!"
